

Online Application for GDA System

To apply, applicants can register online by creating a new account <https://gradapp.nus.edu.sg/apply>. Please note that the email address which you provide when creating your new GDA account will also be your login ID. **You will also receive email notifications relating to your applications via this email address.**

For scholarship application to be routed successfully to CSI, applicants must select the following information:

Degree Type: Doctor of Philosophy

Commitment: Full-Time

Enrolment Period: August Semester

Programme: Doctor of Philosophy (NUS Medicine-Cancer Science Institute of Singapore)

Special note!

Current Application: Research Interests

You can propose a Thesis Advisor who closely aligns with your research interest.

Please explore and identify the possible Advisors in your fields of interest here.

Alternatively, you can select your proposed Thesis Advisor from this list:
[View Faculty of Science Thesis Advisors](#)

Please enter the name of your proposed Advisor(s) in the fields below.

First Preference Advisor

Second Preference Advisor

Have you made contact with your proposed advisor(s)? *

Yes

No

Under the "Current & Past NUS Application(s)" section of the application, you will be required to indicate your preferred thesis advisors. Please note that students applying to the CSI Graduate Program may only select CSI Principal Investigators (PIs) as potential thesis advisors. However, it is not mandatory to secure a lab prior to submitting your application. For a list of available CSI PIs, please refer to this link: [CSI Research Teams](#).

All supporting documents should be submitted to GDA3 online admission system.

For a detailed applicant guide for Graduate Admission (GDA) System, please refer to: <https://nusgs.nus.edu.sg/gradapp-guide-and-supporting-documents/>.
